PHOTOGRAPHIC

*Thank you so much for considering me as your photographer for your upcoming wedding. Congratulations on your engagement and embarking on the planning of your big day!*

*I may be biased, but I believe that photography for your wedding will be the single most important service you book. The images I capture and the albums I create, these will be your doorway back to revisiting your wedding day forever, a day that passed in a flurry of excitement.*

*I want that doorway back to your special day to be a beautiful one, one that you are proud to share with friends and family, and one that reflects all the emotions of the day. I am so honored to be a part of those treasured memories.*

*xoxo~

# Wedding Pricing

Time and Talent for Annie is \$250 per hour.

That includes the hi-res disc and online proofing and ordering.

Pretty simple huh?

If you hire me for 8 hours, you get a free engagement session and the second-shooter is included.

**BAM** that's it.

Add the stuff you want now or later...it's up to you!

*Just a note about the timing: for a typical wedding, 8 hours of coverage is perfect. This includes 2hrs of pre-wedding, then 6 hours for ceremony, family photos, bridal party images, romantics of the bride and groom and reception coverage until the cake-cutting / bouquet-garter toss.*

# The Love

Annie is just the most amazing photographer. I can't tell you how blessed I feel to have such beautiful photos to look at and remind myself of this amazing day! Thanks again, Annie!

*Megan and Roger*

Annie ROCKS! She has been with us through engagement, wedding, captured our baby's first year (maternity through 1st birthday) and we have her back for our second baby. WE LOVE HER!

*Kristin and Joel*

The first time we met Annie we just felt so at ease we knew we wanted her to be with us on our wedding day. She got our pictures back really fast too! Of course, they were beautiful, she really captured the beauty of the day and the little moments between Ryan and I.

*Rebecca and Ryan*

Thank you so much for photographing our wedding, our engagement photos, and my wedding gift to Chris! You are so talented and amazing.. All of the photos are so much better than we could've ever asked for! I can't stop looking at the wedding pics you put up. They are so good! You have been so wonderful through this whole experience!!! I could not be happier with all of the pictures of this journey from start to finish!

*Lauryn and Chris*

Annie is such an amazing artist and photographer! She is well worth every penny, I am so glad we went with her. It's one thing to skimp on decorations, flowers and favors.. those things are forgettable. The one thing you Do Not want to go discount on is the photography. Annie does high end, quality work and I am very excited to look back at my wedding pictures from years to come and be overwhelmed with the ecstatic feelings she captured that day. All of my family members who have seen her work say the same thing- Annie captured every moment and they are all brought to tears because they feel like they are literally reliving the day through her photography. After all is said and done.. Annie was such a fun person to work with as well! She made us feel so comfortable. I already told her that I can't wait for us to start a family because she will be our photographer for life!

*Meghan and Mike*

Annie is an incredible photographer who is very creative and pays attention to detail. She was professional, worked very hard to capture the images we asked for, and she helped us organize the timing for our wedding day. Annie was also very personable with our friends and family. Our wedding photos turned out amazing, and we are just so grateful she was our photographer. We would definitely ask her to shoot family pictures and other important events in our future.
